From Hourdequin Marion : Restoring Layered Landscapes: History, Ecology, and Culture Restoring Layered Landscapes: History, Ecology, and Culture:

Restoring Layered Landscapes brings together historians geographers philosophers and interdisciplinary scholars to explore ecological restoration in landscapes with complex histories shaped by ongoing interactions between humans and nature For many decades ecological restoration particularly in the United States focused on returning degraded sites to conditions that prevailed prior to human influence This model has been broadened in recent decades and Reading this book gave a wide and thorough understanding of the many aspects that belongs to the effort of restoring layered landscapes Environmental Values About the Author Marion Hourdequin is Ass
