feminist standpoint theory feminist standpoint theorists make three principal claims 1 knowledge is socially situated 2 marginalized groups are socially should we understand implicit attitudes on the model of belief i argue that implicit

attitudes are probably members of a different psychological kind altogether Implicit Bias and Philosophy, Volume 1: Metaphysics and Epistemology:

There is abundant evidence that most people often in spite of their conscious beliefs values and attitudes have implicit biases Implicit bias is a term of art referring to evaluations of social groups that are largely outside conscious awareness or control These evaluations are typically thought to involve associations between social groups and concepts or roles like violent lazy nurturing assertive scientist and so on Such associations result at In sum this is a must read volume for anyone interested in the latest philosophical work on implicit bias It would be extremely helpful for anyone conducting empirical work on the topic who values the careful conceptual distinctions made by philosophers
