**By Robert Skidelsky : How Much Is Enough?** how much is enough has 1047 ratings and 144 reviews jonathan said overall i found skidelsky and skidelskys how much is enough to be an intellectual this modern model rests on a solid foundation nearly 80 of employees participate in their work based retirement plans; 401k plans alone have more than

42 million How Much Is Enough?:

3 of 3 review helpful a very bold idea and much needed contribution By Peter C This book really made me think about some important issues in a fresh way Surely we can be living fabulous lives but WITHOUT ruining this world of ours Some chapters I found more my cup of tea than others But I liked his review of how economists often seem to get their predictions wrong I liked his questioning that the GDP absolutely must com In 1930 the great economist Keynes predicted that over the next century income would rise steadily people s basic needs would be met and no one would have to work more than fifteen hours a week Why was he wrong Robert and Edward Skidelsky argue that wealth is not or should not be an end in itself but a means to the good life Tracing the concept from Aristotle to the present they show how far modern life has strayed from that ideal They reject the idea tha A crisp and pungent book Rowan Williams Prospect How much is enough is a good question Anyone who sets store by capitalism and markets will find this book uncomfortable reading It should be read all the same Economist A truly innovative and
