Designs on the Contemporary: Anthropological Tests:

Designs on the Contemporary pursues the challenge of how to design and put into practice strategies for inquiring into the intersections of philosophy and anthropology Drawing on the conceptual repertoires of Max Weber Michel Foucault and John Dewey among others Paul Rabinow and Anthony Stavrianakis reflect on and experiment with how to give form to anthropological inquiry and its aftermath with special attention to the ethical formation and ramifi ldquo In a world where concepts are so often deployed in an ad hoc fashion half explored before being displaced by others it is immensely refreshing to encounter such serious and sustained attention to the building blocks of inquiry mdash and to the re
