From Palgrave Macmillan : Intellectual Property and Theories of Justice western theories of justice justice is one of the most important moral and political concepts the word comes from the latin jus meaning right or law today the dominant justification for intellectual property ip rights is a broadly framed utilitarian theory1 but this was not always the case and nor should it be Intellectual Property and Theories of Justice:

Fourteen philosophers economists and legal scholars address the question Can intellectual property rights be fair What differentiates intellectual from real property Should libertarians or Rawlsians defend IP rights What s wrong with free riding How can incentives be taken into account by theories of justice a much needed intervention into current debates over intellectual property and social justice the essays here question and probe deeply the oversimplified justification of modern intellectual property law sophisticated and compelling teaching much about th
