By Colin Campbell : The Myth of Social Action etiology i t i l d i ; alternatively aetiology or tiology is the study of causation or origination the word is derived from the greek quot;the porn myth is a non religious response to pro pornography arguments it draws from the experience of porn performers recent research from neurology sociology

The Myth of Social Action:

4 of 4 review helpful probably my all time favorite sociology book By Stephen Vaisey If I could only take 5 sociology books with me for the rest of my career this would be one of them Campbell s efforts to expose and refute the situationist doxa of contemporary sociology are extraordinarily effective Yes it s true that he doesn t offer a well worked out alternative but given how steeped so many of us are in the bad ass This is a powerful critique of contemporary sociology and a call to reject the prevailing orthodoxy Arguing that current sociological theory has lost its way Colin Campbell mounts a case for a new dynamic interpretivism closer in spirit to traditional Weberian action theory will both inform and challenge as well as suggest myriad connections to the most interesting and vexing theoretical problems of our day Sociological Inquiry The result is a tightly argued volume marked by that rare level of analytical rigor
