The Wisdom of Money:

1 of 1 review helpful Philosophical musings about the relationship between a man and his money By Graham H Seibert Unlike most books on money this book contains almost no practical advice It is an analysis of how people relate to this artificial human creation Bruckner hardly touches on the question of economics or economists They would tell you that money is a medium of transaction a store of wealth and a Money is an evil that does good and a good that does evil It inspires hymns to the prosperity it enables manifestos about the poor it leaves behind and diatribes for its corrosion of morality In The Wisdom of Money one of the world's great essayists guides us through the rich commentary that money has generated since ancient times both the passions and the resentments as he builds an unfashionable defense of the worldly wisdom of the bourgeoisie Pascal Bruckner argues that money or rather our relationship with money says everything about us and our private lives hellip A stimulating and timely essay Le Monde A challenging and salutary essay a rare exploration of our ambivalent
