By Richard Schmitt : An Introduction to Social and Political Philosophy: A Question-Based Approach (Elements of Philosophy)

in social science and politics power is the ability to influence or outright control the behavior of people the term
quot;authorityquot; is often used for power perceived socialism is a range of economic and social systems
characterised by social ownership and democratic control of the means of production as well as the political An
Introduction to Social and Political Philosophy: A Question-Based Approach (Elements of Philosophy):

0 of 0 review helpful as expected By ELISABETH as expected Social and political philosophy unlike other fields and
disciplines involves conflict disagreement deliberation and action This text takes a new approach and understands
philosophy not so much as a story of great thinkers or as a collection of philosophical positions but as a series of
debates and disagreements in which students must participate Adopting what may be called an active learning method
Richard Schmitt who has long taught social and political philo This terrific textbook includes all the philosophical
resources necessary to offer an introduction to social and political philosophy that is especially welcoming for students
with limited college preparation Schmitt poses problems that are fresh vivid and
