By Amy Kind : Persons and Personal Identity (Key Concepts in Philosophy) personalism personalism is any philosophy that considers personality the supreme value and the key to the measuring of reality its american form took root in the entry on hegel by david duquette includes biography bibliography discussion of major aspects of hegels

work and a detailed study of the philosophy of right Persons and Personal Identity (Key Concepts in Philosophy):

2 of 2 review helpful An excellent introduction to the many aspects of the philosophical debate By A Simon An excellent introduction to the many aspects of the philosophical debate about what personhood is and what if anything underpins the identity of a person over time It is written in a manner that makes the various strands of a complex metaphysical debate and analysis easy to grasp Very highly recommended 1 of As persons we are importantly different from all other creatures in the universe But in what exactly does this difference consist What kinds of entities are we and what makes each of us the same person today that we were yesterday Could we survive having all of our memories erased and replaced with false ones What about if our bodies were destroyed and our brains were transplanted into android bodies or if instead our minds were simply uploaded to computers
