By Alice A. Bailey : From Intellect to Intuition it was the workers intuition that something was wrong with the

machine even though all of the safety gauges appeared to be fine visit new advent for the summa theologica church fathers catholic encyclopedia and more From Intellect to Intuition:

4 of 4 review helpful One of the most important books I ve read in my 78 years By Donna L Haidary This book explains so well the differences between eastern and western systems of religion and education and how we can only benefit from sharing thoughts and experience with others The specialized knowledge from the east and the mass education system in the west are brought together to enrich those who are taking advantage o In this era of a rapid increase in human intelligence and capacity to use the mind we run the risk of over emphasis on intellectualism The mind is the slayer of the real is a well known reflection of an inherent danger In this book From Intellect to Intuition development of the intellect while necessary is shown as a means to an end and one step on the way to a fully awakened and active mental body The intellect is the rationalising analytical aspect About the Author Alice A Bailey 1880 1949 From her conservative British background Alice Bailey s life led her in many directions but always in one direction towards the time when through drastic personal experience of many kinds she had acquired a synthe
