From Brand: Cornell University Press : Violence against Women: Philosophical Perspectives nonviolence is the personal practice of being harmless to self and others under every condition it comes from the belief that hurting people animals or the the platform for action upholds the convention on the elimination of all forms of discrimination

against women and builds upon the nairobi forward Violence against Women: Philosophical Perspectives:

4 of 4 review helpful awesome book By stephaniemorosi I went through a domestic violence situation and was driving a car for the first time in a couple months and got pulled over for not seeing a red light in time A cop saw this book in the backseat and let me go telling me she went through the same thing This book talk about how women try to get away from violence but due to a double standard they can't get it This is the first anthology to take a theoretical look at violence against women Each essay shows how philosophy provides a powerful tool for examining a difficult and deep rooted social problem Stanley G French Wanda Teays and Laura M Purdy all philosophers present a familiar phenomenon in a new and striking fashion The editors employ a two tiered approach to this vital issue Contributors consider both interpersonal violence such as rape and battering and also This anthology has many virtues It offers a cross cultural view of violence against women in many of its familiar forms Although clearly within the discipline of philosophy the articles are written in a clear manner that is accessible to a diverse audience
