By Professor John M. Hobson : The Eurocentric Conception of World Politics: Western International Theory, 1760-2010

The Eurocentric Conception of World Politics: Western International Theory, 1760-2010:

John Hobson claims that throughout its history most international theory has been embedded within various forms of Eurocentrism Rather than producing value free and universalist theories of inter state relations international theory instead provides provincial analyses that celebrate and defend Western civilization as the subject of and ideal normative referent in world politics Hobson also provides a sympathetic critique of Edward Said s conceptions of Eurocentrism
