first of all let me say it is an honor and a privilege to speak with you and i would like to thank and acknowledge david icke and dr joubert The Great Perhaps: God as a Question:

4 of 4 review helpful Highest recommendation for this searching and penetrating look at The Great Perhaps By Russell Fanelli I enjoyed Burton Porter s 2010 book What the Tortoise Taught Us so I looked forward to reading his new book The Great Perhaps God as a Question which was just published Burton Porter is a philosophy professor at Western New England University in Springfield MA He has a special inte God created man in his own image but did man perhaps return the compliment The question of God s existence has been a pivotal issue for every civilization Those with faith in God want assurance that their belief is justified and atheists want confirmation that God is nowhere to be found When we reflect on religion we want to know the reasons for belief in God or whether belief is only a comforting delusion In an age of science will religion persist o A one stop shop for those who seek to be thoughtful about the divine The Great Perhaps provides a thorough discussion of the central issues and problems of the spiritual thinker exploring them
