Evolution:

7 of 7 review helpful excellent theoretical framework By GregJS If you are one of those people who believes that modern technological civilization is a step or several steps down from hunter gatherer society this book could provide a very interesting theoretical basis for your beliefs If on the other hand you think that civilization represents the pinnacle of human existence this book may give you a reason to recon A step by step documentation of how biological freedom was traded for cultural serfdom The opposite of wild is not civilized but domesticated People live in bands lions in prides cows in herds Unfortunately all our politicians are cowboys at heart For those who look forward to a world in which man will be again at home Theuns Botha Landouweekblad Abbey to Zerzan with solid scientific backing Alfred Beck author of Adam in Chains A hig About the Author Hungarian born Georg Steiner worked as a geologist surveyor teacher and tour guide on four continents A prolonged stay with a San Bushman family in Southern Africa made him reconsider some of the theories formulated in a book he wrote in 1
