Constructionisms: Approaches to the Study of the Human World:

0 of 0 review helpful My view on these matters is not the same as By religionprof My view on these matters is not the same as Hjelm s but this is the clearest and most sophisticated introductory text on social constructionism his writing style is a model for careful scholarship Social constructionism is one of the key ideas in the social sciences offering different frameworks for understanding the human world But what does it mean when we say that something is socially constructed What exactly do we construct in our social interaction And what actually does the constructing This dynamic text invites critical reflection on these questions and more outlining the various ways that social constructionist theory has been utilised i What does social constructionism mean It s not a simple question This readable book explores some of the different meanings the term has for both its proponents and its critics Even readers who consider themselves quite familiar with constructionist work
