From Routledge : **Capitalist Solutions: A Philosophy of American Moral Dilemmas** by dr sylvain ehrenfeld international humanist and ethical union representative to the united nations member of the ethical culture society of bergen county pbs i 1994 abstract the african american philosophy conference rockland community college dr gilbert argues that it is possible Capitalist Solutions: A Philosophy of American Moral Dilemmas:

11 of 11 review helpful A good application of Ayn Rand's philosophy to the political issues of our time By Ash Ryan
The weakest part of this book is the opening chapter summarizing the relevant principles of Objectivist philosophy
Bernstein's summary is pretty general and abstract so it is not likely to convince anyone who is not already
sympathetic to his views But he is aware of that and that is not his purpose here The US is facing enormous challenges
as it enters the second decade of the twenty first century Some of these major issues are environmentalism and its
claim of global warming the danger from terrorism generated by Islamic fundamentalism and affordable quality health
care Additionally education in America remains an unresolved dilemma contributing to America's lack of economic
competitiveness Andrew Bernstein argues that the US government is pushing the "Capitalist Solutions A
Philosophy of American Moral Dilemmas argues that the US government is pushing the nation towards socialism as it
attempts to handle its social political and economic challenges Chapters argue for the alternative
