By Don Ihde : Postphenomenology and Technoscience: The Peking University Lectures (Suny Series in the Philosophy of the Social Sciences (Paperback)) Postphenomenology and Technoscience: The Peking University Lectures (Suny Series in the Philosophy of the Social Sciences (Paperback)):

A revised form of phenomenology postphenomenology aims to overcome the limitations of subjectivism and its largely dystopian stance toward science and technology Timely and insightful this book provides a useful introduction to postphenomenology asking how it can effectively transform classical phenomenology into a new and concrete reflection upon technoscience Tracing the modern history of phenomenology pragmatism and philosophy of science Don Ihde proposes a re Ihde s way of thinking first and foremost opens intellectual doors to others Human Studies a thought provoking contribution to the history of twentieth century philosophy of science and technology Amidst all the wealth of new ideas the practical turn ha
