By Peta Bowden, Jane Mummery : Understanding Feminism (Understanding Movements in Modern Thought)

feminism refers to a diverse variety of beliefs ideas movements and agendas for action learn about the core that unites these paths from wollstonecraft to mill what british and european ideas and social movements influenced the emergence of feminism in the atlantic world 1792 1869 Understanding Feminism (Understanding Movements in Modern Thought):

0 of 0 review helpful Not recommended By Edwin Dalarzo Marin I ve been very interested in the topic of feminism lately because I realized it was a complex matter and I wanted to understand it better I had read other books of this series in the past and I found them to be quite good but this one was the exception The material is hard to follow arguments are presented without enough substance without examples and without Understanding Feminism provides an accessible guide to one of the most important and contested movements in progressive modern thought Presenting feminism as a dynamic multi faceted and adaptive movement that has evolved in response to the changing practical and theoretical problems faced by women the authors take a problem oriented approach that maps the complex strands of feminist thinking in relation to women s struggles for equal recognition and rights and free This accessible comprehensive guide highlights the diverse and evolving nature of feminism Giving clear and reliable introductions to the ideas of many important feminists the authors provide an invaluable map of key debates over equality and difference t
