Creating Magickal Entities: A Complete Guide to Entity Creation:

4 of 4 review helpful Cool book on entity creation By LIAM ATREIDES My first exposer to this form of magic was through Portable Magic The second was through Kaimana I was blown away by how little I knew of this magic process I was totally limiting myself Since then I now form my personal entities and those of Kaimana with more detail and intention For those of you who like psychic protection affirmation and Creating Magickal Entities is a comprehensive reference manual that presents step by step instructions for creating entities through astral manipulation that will change your life This manual written by three practicing occultists reveals magickal and alchemical methods many which have been lost and suppressed through the ages in a refreshingly modern way that magickal practitioners of any tradition can understand
