Errata By Bela Szabados
The author of this book would like to make you aware of the following
errata
In the footnotes on Page 4 note 7 is incomplete and should read It is on the basis of such considerations that
Hanne Ahonen powerfully argues for the claim that Wittgenstein was a life long formalist
Page 112 note 46a is missing
For this way of listening to the Fugato see De This book provides the first in depth exploration of the
importance of music for Ludwig Wittgenstein s life and work Wittgenstein s remarks on music are essential for
understanding his philosophy they are on the nature of musical understanding the relation of music to language the
concepts of representation and expression on melody irony and aspect perception and on the great composers
belonging to the Austrian German tradition
Biography and philosophy this wor In this absorbing and culturally rich
book Bela Szabados begins with the observation that the many remarks of Wittgenstein s on music and the central role
music played in his life and his thought have not been given sufficient attention in the world of Witt
